The purpose of this legislation is to establish a State Directorate of the Civil Air Patrol Idaho Wing under the Idaho Military Division and Department of Homeland Security. This legislation would establish a mission and place command and control of the Civil Air Patrol Idaho Wing under the duly appointed officer of such wing. This legislation would legitimize the Idaho Wing, Civil Air Patrol, in Idaho and authorize many of those services the Idaho Civil Air Patrol is now receiving. The model to establish a State Directorate of the Civil Air Patrol Idaho Wing follows a similar Directorate in Colorado.
